MedBridge

Pediatric Augmentative and Alternative Communication Part 3: Intervention

John McCarthy, Ph.D. CCC-SLP

Course Objectives:

Upon completion of this course, learners will be able to:

- List immediate strategies for children who are exhibiting challenging behaviors or who have been slow to respond to treatment
- Plan interventions with and without technology for children with complex communication needs based on their appropriate language level
- Understand the continued role of a child's natural speech development and the child's caregivers in the intervention process
