

# Learning Objectives

MedBridge  
*Spinal Cord Injury Overview*  
Candy Tefertiller, PT, DPT, NCS

## Course Objectives:

Upon completion of this course, learners will be able to:

- Understand current demographics associated with SCI, important financial considerations associated with various levels of SCI, and the current state of the literature associated with the prediction of outcomes after SCI.
- Verbalize secondary medical complications associated with SCI and be able to provide appropriate education and training for patients/families to reduce the impact of secondary complications.
- Verbalize understanding of the International Standards of Classification of SCI (ISNCSCI) and ASIA Impairment Scale (AIS) classifications.
